

#### Why You Should Vote

For Col. A. O. Bailey as commissioner of the Second District. Because:

He is honest.  
He knows how.  
He is an old highway and railroad builder.  
He is a man of large experience in public affairs.  
He is a business man of exceptional ability.  
He has the interest of the county at heart.  
He is one of the large property owners of the county.

He is not an "office seeker."  
He accepted the nomination only at the urgent request of his friends who believe he is the man for the place.

He is an old citizen of the county and is thoroughly acquainted with its needs.

He is familiar with the records of the commissioners of the past and knows how to profit by their failures.

He has shown his faith in the Mimbres valley by putting in one of the best pumping plants in the entire county. With a well that furnishes 1,500 gallons of water per minute he is doing as much to demonstrate the virtues of irrigation by pumping and the merits of this valley as any other citizen within its borders.

He has made a success of his own business. He will be successful with the business of the county.

He believes in good roads as one of the chief fundamentals of prosperity.

He is a farmer and looks to the farmer's interests.

He believes the roads of the county should be put into first class condition AT ONCE.

He believes the county commissioners should be men of sufficient ability to obtain the proper portion of the state money set apart for highway construction.

He can be depended upon to give ABSOLUTE SATISFACTION to the citizens of this county.

## BACK TO THE FARM

¶ Is the cry today and why not? When we consider the price of all farm products, with first class soil and all the other natural advantages we have here, it only needs good common sense and some hard work to insure success.

¶ We can sell you deeded land for from \$15 to \$25 per acre that will produce from \$50 to \$150 per acre per year. Relinquishments at less than half this price.

¶ We can locate you on the best government land in the valley or sell you town property that is sure to increase rapidly in value.

¶ If you wish to buy or have anything to sell we will be pleased to serve you. We feel sure we can please you.
